

Get Connected.

One of the most valuable skills you can learn is the ability to network strategically. Having access to other *Volunteer Visitors*, the largest group of camp professionals in the US, will provide you with unlimited resources, skills, experiences and support from this awesome group of individuals.

Next Steps.

Let our team know you are interested and they will reach out to you directly to talk you through the training and visiting processes and timeline. Once trained, you will work with the team to discuss which camps and locations you would like to visit.

Time Commitment.

Worried about time commitment and your availability? There are various ways to serve as a *Visitor* that include both virtual and/or in-person involvement. You'll work with our team to discuss what ways would be best for you to volunteer with your schedule and availability.

Contact Us.

To find out more about becoming a *Visitor Crew Volunteer*, contact us at: **312-332-0833** or info@acail.org.
